Unless you have questions about these various bills, I'm just going to move the adoption of the amendments and move that the bill be advanced. Therefore, I move that the committee amendments be adopted and this bill relates to one which was passed last session which stated that any governing board which elects by the at-large, by the district method which does not reapportion itself according to census figures and changes in population, would go from an, a district to an at-large basis and it would provide that this method could be retained if the people voted to keep it this way and it would also allow it to go from district to at-large or at-large to district if the people petition to do so. I move the adoption of the committee amendment.

SPEAKER: Any discussion? If not, those in favor of adopting the committee amendments say aye. Those opposed say no. The amendments are adopted.

CLERK: There's an amendment then pending to 549.

SPEAKER: Are there any other amendments, Mr. Clerk?

CLERK: Mr. President, Senator DeCamp asked to have the bill temporarily laid over.

SPEAKER: Are there any objections? If not, so ordered. What's the next bill?

CLERK: Legislative Bill
